

**COWORKING Space at The GRANARY**  
**29 Union Street, Brandon**

Coworking Space is the solution to slow internet speeds or social isolation that freelancers, entrepreneurs, writers, independent contractors and remote workers may experience while working at home. It allows you to escape the distractions of home, while combining the structure and community of a shared professional office.

What is Offered?

We provide an attractive, fully furnished, shared professional office space. The extra large room (1000 sq. ft.) includes: four desks and chairs, conference table, comfortable couch and seating, privacy screens, lighting, high speed internet and miscellaneous office supplies.

Who Needs a Coworking Space?

Do you work from home?

Do you need a professional office setting?

Do you need high speed internet access?

Do you use video conferencing?

Do you need a work space to be more efficient and productive?

Costs

\$150 per month per person -- all utilities and high speed internet included.
